Dear:

The Maryland Association of Chamber of Commerce Executives (MACCE) provides a unique opportunity to interact with, learn from and compare notes with fellow chamber executives throughout Maryland. This peer-to-peer professional development organization has a long history of sharing best practices, identifying trends and teaching us new management techniques that expand our ability to keep pace in this ever-changing business. As we begin our 2015 Program Year, I encourage you to take advantage of the only professional development organization for chamber executives in Maryland. Our membership cost is minimal – only \$100 a year. A list of our current membership is attached for your review. The insight that we gain from one another to improve our own respective chambers is truly remarkable and worth the investment!

We're so convinced that membership and participation in our professional association will benefit your career, we have taken the liberty of enclosing a membership invoice. Please note that the MACCE dues are separate from the Maryland Chamber of Commerce CAN dues. If you agree with us that MACCE membership is the professional outlet that you need, just complete the form and submit it with your check for \$100. Also, we invite you to put Monday, January 26, 2015 on your calendar to see for yourself the value of MACCE membership. At this meeting to be held in Annapolis, you will join chamber executives from around the state as we focus on the key business issues that impact our members' bottom lines. Top legislative leaders and the lobbyists of the Maryland Chamber will speak on legislative proposals facing the 2015 General Assembly.

Thank you for considering membership in this premier professional development organization. If you have any questions about MACCE, please feel free to contact me directly at 410-213-0144. I look forward to working with you through our professional association.

Sincerely,

Melanie Pursel, 2015 MACCE President
